The JSCCA are delighted to work with BPP in delivering the 2024 Programme.

Delivery

FREE Lunch-and-learn sessions

12:30 - 13:30

All sessions will be delivered by online classroom on Microsoft Teams and people should register online. People should log their attendance in their own CPD log as part of their own professional development and obligations. Online sessions are available to all member firm employees and individual JSCCA members.

FREE Focused sessions

08:30 - 09:30 breakfast and networking
09:30 - 11:30 presentation

The focused sessions will be held at the Royal Yacht Hotel, with free breakfast and networking prior to the session. Focused sessions are available to accountants and tax professionals of member firms and individual members. The focused sessions include a broad number of topics and areas; and while we appreciate that there will be a number of sessions you may be interested in attending that people should not attend more than three focused sessions a year so to allow all members opportunity to take advantage of these free sessions. Should there be a need to attend more than three sessions please contact the JSCCA Secretary for consideration of your request. Should a focused session become oversubscribed the JSCCA will consider reallocation of spaces on a basis of firm attendance, host another session, or make a recording available.
